

Your Degree Pathway

A degree in Economics requires the completion of 90 Credits for a Bachelor's Degree (three years) or 120 Credits for an Honours Degree (four years). Your courses will consist of Major, General Education, and Elective Courses.

First Year

First year will introduce you to the university environment, provide you with general education courses, and allow options for you to study courses aligned with your own interests.

Economics Courses: Introduction to Microeconomics, Introduction to Macroeconomics, Introduction to Mathematical Economics I and II

General Education Courses: Humanities, Social Sciences or Natural Sciences (for non-science students)

Elective Courses: Your choice of courses outside of Economics

Second Year

In your second year, you will continue your development in the fundamentals of Economics.

Economics Courses: Intermediate Economic Theory, Statistics for Economics

General Education Courses: Humanities, Social Sciences or Natural Sciences (for non-science students)

Elective Courses: Choose new subjects to explore or continue to develop skills from previous selections

Third Year

Your third year in Economics will allow you to explore specific interests in the field.

Economics Course Options: Use of Economic Data, Monetary Economics, Economic Policy in Developing Countries + many more

Elective Courses: Choose new subjects to explore or continue to develop skills from previous selections

Fourth Year

In your fourth and final year, you will focus on specialized courses in your field and continue to explore elective courses of interest.

Economics Course Options: Advanced Theory, Public Finance, Game Theory in Economics, Financial Economics + many more

Elective Courses: These courses can include additional Economics courses or further courses of interest at the upper level
